

Where Better Farmers Meet!

After another trying year in the field and what harvest we had nearing completion it's time to consider getting the equipment ready for next season. Below are the inspection services Nelson Motors & Equipment are offering this fall & winter.

Combines - 200+ point inspection Regular \$1792.00

Winter Inspection Price *\$999.00*

If you haven't had a combine inspection lately, then you're past due. Make sure it's ready to go when you need it to be. Nelson Motors Technicians have performed countless combine inspections and know what to look for to fix a small problem now before it turns into a big problem later.

Sprayers - 150+ point wet inspection, Regular \$1120.00

Winter Inspection Price *\$999.00*

Sprayers - 75+ point dry inspection, Regular \$896.00

Winter Inspection Price *\$799.00*

Sprayers - Winterize special *\$399.00* includes fluid

High Clearance Sprayers have become the most used piece of equipment in your farming operation, your sprayer is an integral part of the farm, keep it in top operating condition with a Nelson Motors inspection this winter.
